

**Litter Patrolling**

On Sunday, the troop cleaned the highway at the intersection of Penns Trail and the Newtown Bypass. About fifteen scouts and adults met at the parking lot of the bank across the street from the NAC around 8 o'clock in the morning. After a quick breakfast of doughnuts, sticky buns, hot chocolate, and coffee, everyone put on gloves and safety vests and broke into two groups. The litter patrolling only took until 9:40 and we collected almost thirty bags of trash! The weather was very cold early on, but warmed as the day progressed. Nice job, everyone!
