

Cubscout Crossover

At our last meeting, we helped out with Pack 280's annual crossover, in which Webelo II's transition into the rank of Scout, thus joining the Boy Scouts. The other ranks in the pack, Bears and Wolves and such, advance as well.

We started a little past seven in the evening. Many scouts were present (from both the troop and pack). While we in the troop organized the garage, Pack 280 viewed a slideshow. Mr. Cawley was the M.C., with assistance from Mrs. Cawley and other leaders in the pack.

Once various awards were given out, advancement began. Six Webelo II's received their Arrow of Light badges and walked

across the bridge, signalling their growth into Boy Scouts. We helped in the ceremony, which included presenting scout neckerchiefs.

The event wrapped up around quarter of

eight. The new scouts were able to meet with the troop at the garage and get to know everyone.

Boy Scouts of America-Troop 280

This is a very exciting time for the troop, as we've been given the opportunity to show a bunch of new scouts how much Troop 280 can offer. Welcome, new scouts!
