May Fishing Trip

For this weekend trip, I was unable to attend. So I would like to thank Craiggles for his notes and Jake for his comments. Eight scouts and four adults went for this quiet fishing/rank advancement trip in Tobyhanna State Park. They all left St. Bede's around 7:30 on Saturday morning. At 9:00, they stopped at McDonald's for a quick breakfast, and then arrived at the sight to start fishing all by 10:10. At 12:30, everyone had lunch of lunchmeat sandwiches, chips, apples, and supposedly sushi (?). The day went by peacefully and with work on merit badges, ranks, and such. At 5:30, the scouts made hotdogs and hamburgers for dinner. All had s'mores later on, and Craiggles invented s'moreos, a creation of Oreos in some sort. The day was said to be very relaxing and quiet with pleasant weather.

The next day, everyone woke at 6:00. A delicious breakfast of eggs and bacon was made for 8:00. 9:00 brought more fishing and all left at 10:45. After stopping at Wawa at 11:30, the troop arrived home at 1:50.
